HydroCommunityConversation.com

- The Buchanan and Twin Branch hydro facilities' operating licenses expire in 2036.
- I&M seeking community feedback as part of our 2027 Michigan Integrated Resource Plan, which looks at long term energy needs.
- Our research for our last Indiana IRP showed that **relicensing and keeping the dams running** was the best option for our customers and the best option financially.

I&M evaluates the impact of each dam:

- **Water Quality**
- **Jobs**
- **Fish and Wildlife Habitats**
- **Recreation Opportunities**
